

UNIPLAN WEDGE

Silent and smoke-free thanks to the heating wedge: the new UNIPLAN WEDGE. The automatic drive sensors, and the optional laser guide, make welding particularly comfortable and precise.

LEISTER

Temperature range: 20-420 degC
 Welding speed: 1.0-7.5 mtrs/min
 Welding seam: 20 or 30mm

TRIAC S HAND WELDER

Thanks to micro-processor controlled temperature and electronic monitoring. The preferred hand tool for welding with high quality.

LEISTER

Temperature range: 50-600 degC

ACCESSEORIES

40mm wide slot nozzle

40mm silicon roller
