

CRYSTAL CLEAR 20/20 PRESSED POLISHED CLEAR PVC

Crystal Clear 20/20 is fittingly introduced at the beginning of the new millennium. Produced by the makers of **Strataglass** - the now famous scratch-resistant, UV blocking coated vinyl - **Crystal Clear 20/20** is the largest, clearest, most consistent "regular" vinyl ever produced.

Produced using the same painstaking process as **Strataglass**, the superiority of **Crystal Clear 20/20** is immediately obvious to the eye... no hazy blueness, no fish-eye, no dimples, no distortions... and 17% larger than the leading-selling sheet.
